

IMPLEMENT CLIENT SCRIPT & UI POLICY (INCIDENT)

Phase 2: Requirement Analysis Phase

Date	30/09/2026
Team ID	6ab223b8fc67a5bc022251cc
Project Name	IMPLEMENT CLIENT SCRIPT & UI POLICY (INCIDENT)

Requirement Analysis:

The main objective of this project is to implement UI Policies and Client Scripts in ServiceNow to:

- Enforce mandatory field validation.
- Automate field updates.
- Restrict unauthorized modifications.
- Improve data quality and consistency.
- Ensure Incident records comply with business requirements.

Functional Requirements:

- ✓ Automatic urgency update.
- ✓ Mandatory field enforcement.
- ✓ Save-time validation.
- ✓ List edit restriction.
- ✓ Dynamic field control.
